# Harmony

Assistive robots for healthcare

Enhancing Healthcare with Assistive Robotic Mobile  
Manipulation

(HARMONY) | H2020-ICT-2018-20 | RIA

Start of the project: 01.01.2021

Duration: 42 months

Deliverable Number	D41
Deliverable Name	Project website
WP Number	9
Lead Beneficiary	ETH Zurich
Dissemination Level	Public
Internal Reviewer	Jen Jen Chung (ETH Zurich)
Due Date	28.02.2021
Date of Submission	01.03.2021
Version	1.0

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101017008

## Revision History

<b>Version</b>	<b>Date</b>	<b>Author(s)</b>	<b>Comments</b>
0.1	16.02.2021	Patrik Winiger	Draft
1.0	01.03.2021	Patrik Winiger	1 <sup>st</sup> submission

## Project Website

The HARMONY project consortium created a fully functioning stand-alone website available at: <https://harmony-eu.org/>

The website offers an overview of the HARMONY project, its objectives and progress. Additionally, the participating consortium members are listed (Figure 1).

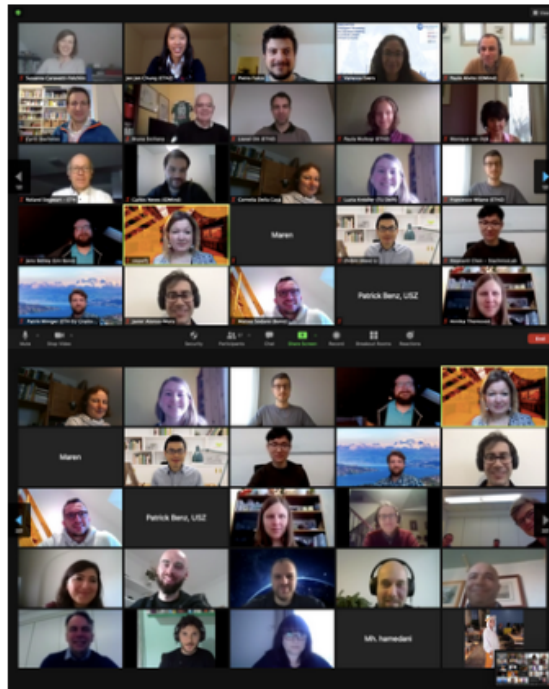

*Figure 1 Consortium. We are a diverse and interdisciplinary team consisting of 5 universities, 1 research organisation, 1 multinational company, 1 SME and 2 hospitals participating from across 7 European nations.*

During the project, publications will be listed directly on the website as well as information on meetings of the project members (Figure 2). An additional dissemination channel will be via Twitter (@eu\_harmony).

## Harmony kick-off!

*2 February, 2021*

Project Harmony is off to a fantastic start with our official kick-off meeting on 2 Feb. So wonderful that we could all come together from all over Europe (and the world!)

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101017008

*Figure 2 First News item, from the project's kick-off meeting.*

The website is constantly updated to reflect the progress of the project and to inform the wide public. For example, all project-related activities will be uploaded on the website – these include among others invited talks, during which the HARMONY consortium members have given inputs on the progress of the project and/or have disseminated the results of HARMONY.
